OBJECTIVE

Motivated graduate seeking an entry-level position where I can apply my technical knowledge, problem-solving skills, and communication abilities to support business operations and contribute to organizational growth.

EDUCATION

Mahendra Engineering College

B.E Mechanical Engineering -(2023-2026) with 7.5CGPA

Diploma in Mechanical Engineering

CSI Polytechnic College -(2020-2023) with 77%

SSLC

Gugai Higher Secondary School with 60.3%

PROJECTS

- **Effects of glass and basalt reinforced on epoxy composite material**

Developed Ni-graphene composite coatings on AISI 316L stainless steel using electrodeposition to enhance corrosion resistance and surface performance. Electrochemical studies demonstrated improved corrosion protection and stability of the coated surface compared to the uncoated substrate.

INTERNSHIP

Undergoes 15 days internship at NLC India Limited, Neyveli.

- Gained hands-on exposure to industrial practices in the mechanical domain.
- Observed and learned about power plant operations, maintenance, and safety measures.

Delphi TVS Technologies (3 Months)

- Gained practical exposure to automotive manufacturing processes and quality control.
- Learned industrial safety practices and production workflows.

SKILLS

- Frontend: HTML, CSS, JavaScript, React.js, Bootstrap
- Backend: Node.js, Express.js
- Database: MongoDB
- Tools: Git, GitHub, VS Code, Postman

DECLARATION

I hereby declare that all details furnished above are true to the best of my knowledge.
